1. The Central Administration of the Oil Industry is working on a project of building an ultra-modern oil refinery in the vicinity of Krosno (N 49-41, E 21-47). The project envisages the participation of Soviet experts in the construction of the refinery and the import of machines and installations from the USSR.
2. The Oil Institute in Krakow is organizing an Establishment for the Mechanization of the Oil Industry (Zaklad Mechanizacji Przemyslu Naftowego) for mechanical problems of the oil industry and for the normalization of drilling materials. Temporarily, a section of the Establishment for the Mechanization of the Oil Industry has been set up in the Machinery and Drilling Equipment Factory at Glinnik Mariampolski.
